

Datamatics Delivers 57% Cost Savings

in Accounting & Bookkeeping for a
Leading Chartered Accountancy Practice

About the Client:

The client is an indigenous full-service Chartered Accountancy Practice based in Ireland. The client specializes in providing a comprehensive range of business support and advisory services to domestic as well as foreign entities operating out of Ireland.

Overview:

At the verge of Brexit, the client was poised for a multi-fold growth. To achieve their business growth targets, they identified a few critical success factors -

Additional staff
numbers to handle
surplus capacity

Quick Recruitment
Process and TAT
(Turnaround Time)

Efficient Accounts
Production and
Payroll services

Proficient Bookkeeping
and Accounts
Production services

Business Challenges:

The client was looking for an efficient business partner to accelerate their hyper-growth trajectory.

They needed to outsource some business-critical functions to a reliable offshore partner, to focus on the core business growth. The outsourcing partner was required to help them in the following areas -

Managing 95% of their total volumes for payroll processing

Enabling complete outsourcing operations in 3-6 months

Knowledge transfer and business continuity

Scalability and flexibility

Timely reporting and compliance

Datamatics Solution:

Since the partnership began in 2019, Datamatics team has grown into 10 FTEs (full-time equivalent).

Through our outsourcing services, we have been able to impact the client's profitability positively and deliver phenomenal business growth.

We used the following business levers to deliver growth -

A scalable and flexible model to manage and match client's requirements

In-house domain expertise and experience helped contain training and mentoring costs

Upskilled and cross-trained agents on Accounts Production and Bookkeeping processes

Best practices to streamline processes and eliminate bottlenecks
